POLICY STATEMENT: Mille Lacs Band Health and Human Service's medical and pharmacy staff will monitor the dispensing of controlled medications, as identified by MN Statute 152.02, to our patients, for the purpose of identifying patterns of abuse.

PURPOSE: To identify patterns of abuse in our patient population for the purpose of helping patients to prevent chemical dependency and to facilitate treatment for patients who are chemically dependent.

PROCEDURE: All clinic providers will coordinate their best efforts utilizing the Minnesota Prescription Controlled Monitoring site (MN PMP database) when prescribing controlled medications.

Pharmacy data will be transmitted to the MN PMP database on a daily basis through an automatic report generated and sent by ScriptPro after pharmacy hours.
