POLICY STATEMENT: Universal Precautions are to be used for all x-ray procedures.

PURPOSE: Protect employees and patients from exposure to biohazardous organisms.

PROCEDURE:

1. Wear Personal Protection Equipment (PPE) when appropriate. A PPE kit will be readily available in the Radiology Department, behind the entry door, in the event of a biohazard mishap.
2. Use disinfectant on surfaces on a routine basis and after contamination
3. A fluid resistant disposable cover on the imaging plates will be used when contamination due to a wound/injury is likely.
