Mille Lacs Band of Ojibwe

I visited the site at 63855 Badger Rd. Sandstone Mn.

The site condition has not changed since the design was done on 07/21/2023.

I have reviewed the design and determined there are no changes that need to be made.

I approve the existing design to be used for the future installation of the septic system.

Any questions feel free to call 320-241-7036
